PROSTATE CANCER RESEARCH & BIOTECHNOLOGY:

In 2001 I established a Prostate Cancer Research Laboratory in the Department of Surgery at the University of Melbourne, based at The Royal Melbourne Hospital. The laboratory initially commenced animal studies using a xenograft model of prostate cancer in mice.

Following identification of a novel trace element which we considered effective in prostate cancer, we conducted animal testing and developed a drug which has now gone through phase 1 testing in human hormone refractory prostate cancer patients.

Because of the novel nature of this compound and the success of animal studies in advanced prostate cancer, a spin-off biotechnology company was developed, namely Velacor Therapeutics. This company is now fully established and has interest in drug development in cancer and other neurodegenerative diseases including Alzheimer's disease. The drug targets PI3 kinase activity. I sit on the board of this company.

GRANT SUPPORT IN 2007:

In 2007 I established the Victorian Prostate Cancer Research Consortium and attracted \$1,900,000 of Victorian State Government Funding for a start up network of Victorian based prostate cancer researchers. There are five institutions including the University of Melbourne, Peter MacCallum Cancer Centre, Monash Medical Research Centre, the Ludwig Cancer Research Institute, The Royal Melbourne Hospital, and Epworth Hospital involved in this initiative. I Head the research nodes at The Royal Melbourne Hospital, University of Melbourne and Epworth Hospital.

In November 2007 the incoming Federal Government, through the Australian Treasurer, Mr Wayne Swan, and the new Australian Prime Minister, Mr Kevin Rudd, endowed a \$15,000,000 specific grant for translational prostate cancer research under my direction. An initial \$7,500,000 will be used to establish laboratory facilities at Epworth Hospital, Melbourne, and Melbourne University, concentrating on areas of drug discovery, tissue banking, and molecular pathology. We will collaborate with Dr Colleen Nelson in Brisbane who will establish the second centre some time later in 2008.

PROSTATE CANCER FOUNDATION OF AUSTRALIA:

In 2001 I helped establish the Victorian Prostate Cancer Foundation which then merged with the New South Wales Prostate Cancer Foundation to become the National Prostate Cancer Foundation. This is now the peak body in prostate cancer in Australia and dialogues on a regular basis with all State and Federal Government Agencies involved in prostate cancer in its broader sense. In 2008 we allocated \$8,600,000 of funding for prostate cancer research to 20 separate sites in Australia. One of our initiatives for fundraising (Movember) has raised \$18,000,000 in 2008 as a single fundraising exercise.

EDUCATION/QUALIFICATIONS:

1957 – 1966	Xavier College – Head Prefect 1966
1972	MBBS – University of Melbourne, Medical School
1980	FRACS – Fellow Royal Australasian College of Surgeons, Urology, Melbourne
1998	MD – Doctorate in Medicine by Thesis: <i>Laser Tissue Interaction: Laboratory ad Clinical Application of Laser in Tissue Welding and Prostatic Ablation</i> - passed December 1998, University of Melbourne, Australia

POSTGRADUATE TRAINING:

1973 - 1974	Intern, St Vincent's Hospital, Melbourne, Australia
1975	Lecturer in Anatomy, Melbourne University, Melbourne, Australia
1977 - 1978	General Surgical Registrar, St Vincent's Hospital, Melbourne, Australia
1978 - 1980	Urology Registrar, St Vincent's Hospital, Melbourne, Australia
1980 - 1981	Fellow in Urologic Oncology, University of Texas M.D. Anderson Cancer Center, Houston, Texas, USA
	Chairman: Professor Douglas E Johnson, MD
1981 - 1982	Senior Registrar in Urology, London Hospital, University of London, UK
	Department Head: Professor John P Blandy, MD
1985	Certified in Laser Surgery, American College of Surgeons, Houston, Texas, USA
1987	Certified in Laser Surgery, American College of Surgeons, Houston, Texas, USA

- 1989 Sabbatical: M.D. Anderson Cancer Center, Urologic Oncology, Houston, Texas, USA
Supervisor: Professor D E Johnson
- 1989 Recertified in Laser Surgery: Nd: YAG, Argon, CO₂, KTP
American College of Surgeons, Houston, Texas, USA
- 1989 Certified Prostatic Ultrasound, Stanford University, California, USA
- 2003 Robot-Assisted Laparoscopic Prostatectomy Urology Mini-Residency Course, The University of California Irvine, Medical Center, Orange, California, USA

CURRENT POSITIONS:

- 2009 - Executive Director, Australian Prostate Cancer Research Centre at Epworth
- 2006 - 2010 Head of Genitourinary Tumour Streams for The Royal Melbourne Hospital Tumour Group
- 2006 - 2008 Interim Chairman, Victorian Prostate Cancer Research Collaboration
- 2001 - Professorial Fellow & Head Department of Urology, The Royal Melbourne Hospital, affiliated with Department of Surgery, University of Melbourne
- 2001 - Consultant Urologist, Peter MacCallum Cancer Institute, Melbourne
- 1990 - Senior Research Fellow, Department of Microsurgery Research, St Vincent's Hospital, Melbourne
- 2001 - 2004 Consultant Urologist, Williamstown Hospital, Melbourne
- 2001 - Consultant Urologist, Royal Women's Hospital, Melbourne
- 2000 - 2000 Consultant Urologist, Broadmeadows Health Service, Melbourne
- 1999 - 2001 Associate Professor, Department of Surgery University of Melbourne
Director of Urology, The Royal Melbourne Hospital
- 1990 - 1999 Director, Department of Urology, St Vincent's Hospital, Melbourne
- 1990 - 1999 Director, Lithotripsy Services, Victoria
- 1994 - 1999 Director, Department of Urology, Western Hospital, Melbourne
- 1990 - 1999 Senior Associate, Department of Surgery, University of Melbourne

HONOURS & AWARDS:

- 2010 Honorary Fellowship of the Royal College of Surgeons in Ireland
- 2009 Best Poster Presentation (Localized Prostate Cancer), American Urological Association, Chicago
- 1999 Best Poster Presentation, World Congress of Endourology, Rhodes
- 1999 Australasian Urological Foundation, Bruce Pearson Fellowship
- 1991 Alban Gee Prize. Australasian Urological Society Best Scientific Presentation, Brisbane, Australia
- 1993 Best Clinical Presentation, American Society for Lasers in Surgery and Medicine, New Orleans

1980 - 1981 Sir Thomas Naughton Fitzgerald Travelling Surgical Fellow, Melbourne University - Scholarship for post-graduate study in Urologic Oncology. University of Texas, M.D. Anderson Cancer Center, Houston, Texas

SPORTING AWARDS:

1966 Captain, Best & Fairest, First XVIII Football Team, Xavier College
 1966 Captain, Swimming Team, Xavier College

ACADEMIC & PROFESSIONAL APPOINTMENTS:

American Association of Genito-Urinary Surgeons

In 2004 Prof Costello was elected to the American Association of Genito-Urinary Surgeons. This is an international association of urologists, 50 American and 25 international, who have

shown outstanding leadership in the field of urology internationally. Prof Costello is the only Australian urologist who has membership of this august society.

Cleveland Clinic, Glickman Urological Institute

Invited member of the International Advisory Board of the Cleveland Clinic Urological Institute.

- Advisor, Australian Government on new technologies for surgery for benign prostatic disease
- Advisor, Victorian Government on hospital planning for prostate surgery
- Member, International Trials Group, MD Anderson Cancer Center, Texas
- Member, Global Urology Trials Group (affiliated to EORTC)
- Member, Victorian Genito-Urinary Oncology Group (affiliated to ACCV)
- Member, Pan-European Expert Panel: Management strategies for BPH
- Advisor to World Health Organisation on BPH
- Consultant on Prostate Cancer to NCI, USA. 1999
- Member, Surgical Advisory Council to Victorian Government Statewide Audit Surgical Morbidity & Mortality
- Member, Australian Safety and Efficacy Register of New Interventional Procedures – Surgical
- Member, Council for Surgery, Education & Standards, RMH
- Board Member, Prostate Cancer Foundation of Australia, 2001-2010
- Examiner in Urology, Royal Australian College of Surgeons
- Editorial Board: Lasers in Surgery and Medicine
- Editorial Board: British Journal of Urology
- Review Panel: Journal of Urology
- Review Panel: Journal of Endourology
